Sir:

**REISSUE DECLARATION UNDER 37 C.F.R. § 1.175**

I, Dario Sansone and Ubaldo Puglia, citizens of Italy, with residence and post office address as listed below, do hereby state and declare as follows:

1. We believe we are the original and first inventors of the subject matter which is described and claimed in United States Patent No. 6,286,615 B1, granted on September 11, 2001, and for which a reissue patent is sought on the invention entitled, "HEAVY VEHICLE FOR BREAKING UP GROUND WITH RETRACTING AND STEERING REAR WHEELS."

2. We claim priority under 35 U.S.C. Section 119 to Italian application VI99A000056, filed on March 23, 1999.

3. We hereby state that we have reviewed and understand the contents of the above-identified patent, including the original patent claims, and the changes to the specification and claims in the Preliminary Amendment filed on September 11, 2003, and the Supplemental Preliminary Amendment filed herewith.

4. We acknowledge the duty to disclose information that is material to the examination of this reissue application in accordance with Title 37, Code of Federal Regulations, Section 1.56(a).

5. We believe U.S. Patent No. 6,288,615 B1 to be, through error and without deceptive intent, at least partly inoperative by reason of our claiming less than we had a right to claim in the patent.

6. An error, which is a statutory basis for reissue, is that we unnecessarily limited the scope of patent protection to which we are entitled. Claims 1-11 do not cover the full breadth of our disclosed invention, and we erred by not pursuing during the original prosecution additional, broader claims, such as those filed in the Preliminary Amendment on September 11, 2003. For example, our patent protection provided by the issued claims need not be limited to rear supports being pivotable about a rear vertical axis, as required by issued claim 9. This limitation is not included in, for example, new independent claim 77 submitted with the Preliminary Amendment on September 11, 2003.

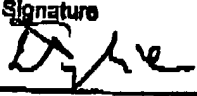

7. The above-described error and all other errors corrected in this reissue application arose without any deceptive intent.

8. We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true;

Application No.: 10/659,794

and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
